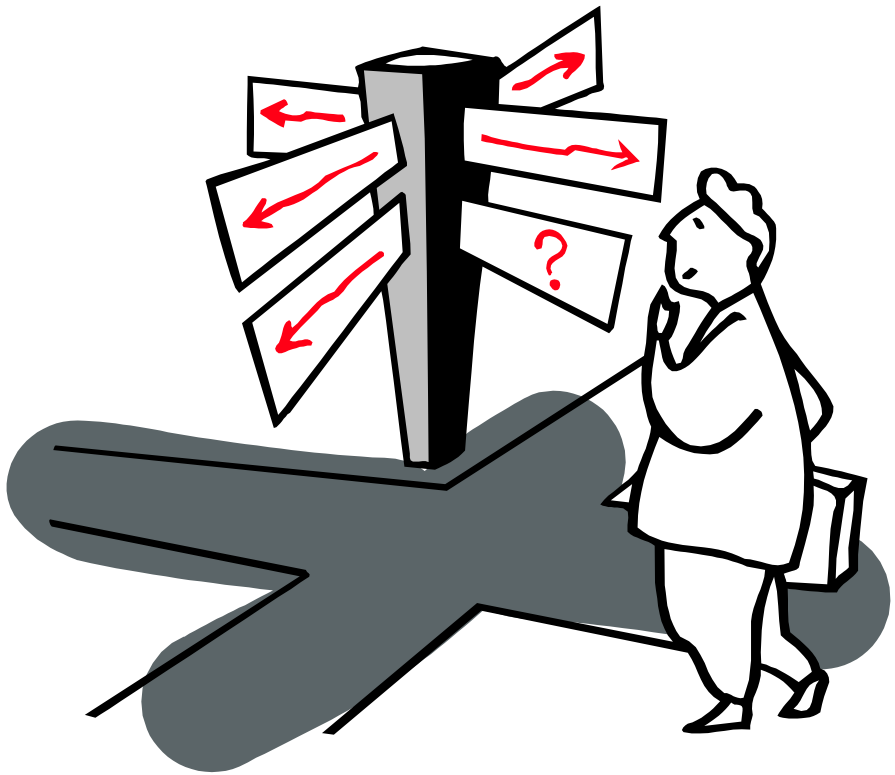
Plug-in & PowerSplit

Plug-in & PowerSplit

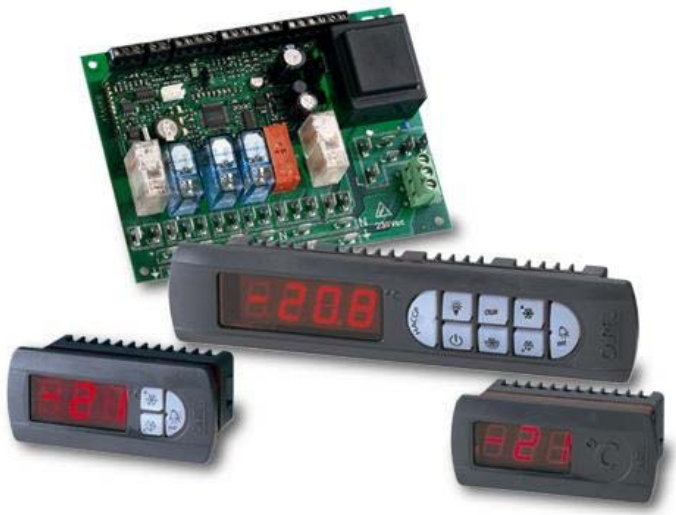
Main features…

-PowerSplit

-MasterCella Split



PowerSplit: main features



-Real Time Clock
-2Hp compressor relay
-3 NTC probes
-2 evaporators defrost management
-2 auxiliary programmable outputs
-Programming key
-LAN to synchronise defrost
-HACCP

Typical applications: Catering Equipment

Plug-in & PowerSplit

CAREL

Typical applications: Cabinets

Multiplexed stand alone units

Synchronised defrost

MasterCella Split: main features

-Real Time Clock
-2Hp compressor relay
-3 NTC probes
-Programming key
-2 auxiliary programmable outputs
-2 evaporators defrost management
-Alarm and condenser fan management
-Pump down management
-HACCP

CAREL

Plug-in controllers

news

Universal Range for general applications

Main features: hardware

1. New control ranges: –50/90°C (NTC), -50/150°C (PTC)
2. A new complete range from 1 to 3 outputs
3. Reliable hardware based on existing refrigeration range
4. Programming key
5. Frontal mounting
6. All versions 230Vac power supply
7. Plug-in terminal block

Main features: software

1. Heating and cooling logic
2. 2 set points on 2 independent probes (double thermostat)
3. Neutral zone with two set points
4. Alarm relay management
5. Set point and logic can be changed from digital input
6. Few configuration parameters

Activities & price positioning

1. First production batch: before January 2003
2. Price list: the same as the plug-in range for refrigeration

PJ32V6E000	8A, 1 PTC	50,80 €
PJ32V0P000	16A, 2 NTC	55,20 €
PJ32V6P000	16A, 2 PTC	55,20 €
PJ32W00000	8A, 8A, 2 NTC	57,30 €
PJ32W10000	8A, 8A, 1 NTC, 1 Dig.In.	57,30 €
PJ32Z00000	8A, 5A, 5A, 2 NTC	60,40 €
PJ32Z60000	8A, 5A, 5A, 2 PTC	60,40 €
